

Please ensure that you have checked each of the items below prior to delivering your vehicle for tuning. If you have any questions about this checklist, please contact us at (713) 600-8600 or email us at info@fastlaneincorporated.com

- ▶ All tunes will be for 93 octane fuel, unless you specifically request different fuel types.
- ▶ Vehicles should arrive with at least a ½ tank of fuel.
- ▶ Vehicles fluid levels need to be checked and topped off if required.
- ▶ Verify that all charge piping and clamps are secure.
- ▶ Verify the correct spark plugs are installed and plug gaps are set correctly.
- ▶ Create a complete list of aftermarket performance parts installed on the vehicle.
- ▶ Solder all aftermarket electrical connections.
- ▶ If the vehicle is supercharged then tighten your belt.
- ▶ Verify the correct tire pressure.
